

IN OUR NAME.

Minister Stevens Establishes a Protectorate Over Hawaii

Pending the Negotiations for Annexation at Washington.

THE AMERICAN FLAG PLACED ON THE GOVERNMENT BUILDING.

A Battalion of Marines From the Cruiser Boston Sent Ashore at Honolulu and Their Commander Reads the Proclamation of the United States' Representative—The Act Done at the Request of the Heads of the New Republic.

SAN FRANCISCO, Cal., Feb. 9.—The anxiously expected steamer Australia arrived off the Heads at an early hour this morning with news that Minister Stevens had established a protectorate over the Hawaiian Islands. The act was executed at 9 o'clock on the morning of the 1st inst., when the stars and stripes were raised over Aliiolani Hall, the government building, and the Minister issued the following proclamation, which was published officially Feb. 1:

To the Hawaiian People:
At the request of the Provisional Government of the Hawaiian Islands, I hereby, in the name of the United States of America, assume protection of the Hawaiian Islands, and I do so for the safety and property, and occupancy of public buildings on Hawaiian soil, so far as may be necessary for the purpose specified, but not interfering with the administration of the internal government of the government. This action is taken pending and subject to negotiations at Washington.

JOHN L. STEVENS,
Envoy Extraordinary and Minister Plenipotentiary of the United States.
United States Legation, Feb. 1, 1893.

Approved and executed by G. C. Wiltse, Captain, U. S. N. Commanding the United States steamer Boston.

STEVENS' BOLD STEP.

The Australia brings files of Honolulu papers which describe the act of Minister Stevens in taking formal control of the Island in the name of the United States. The accounts say:

"On Wednesday, Feb. 1, at 9 a.m., the flag of the United States of America was raised over Aliiolani Hall. The provisional government, after mature deliberation on the situation for some days, reached the conclusion that the step which has now been taken was rendered necessary by circumstances. Incessant agitation on the part of certain whites of a class who have always been the curse of this country, coupled with the efforts of English and one or two native newspapers to discredit the Government; to block its efforts toward the establishment of order, and in general to bring it into disrepute and contempt have been the chief agencies in bringing about the present state of feeling of uneasiness and disquietude. It was, therefore, to secure the direct assistance of the United States Government in the preservation of property and the maintenance of order.

Raising the Stars and Stripes.

"At 8:30 a.m. Capt. Wiltse arrived at the Government Building and a few moments later a battalion from the U. S. S. Boston, under Lieut. Swinburne, marched up the street, entered the grounds and drew up in front of the building. Detachments from three volunteer companies, A, B and C, were drawn up in line, under command of their respective captains, Zeigler, Gunn and Camara. Just before 9 o'clock Lieut. Ross read in a loud voice the proclamation of Minister Stevens, and punctually at 9 o'clock, amid the breathless expectancy of all present, the flag, saluted by the troops and by the cannon of the Boston, was raised above the tower of Aliiolani Hall.

"The raising of the flag does not, of course, indicate cession to the United States. The Hawaiian flag still flies in the yard. The palace, barracks, police-station, custom-house, etc., remain in the hands of the Government, which will be administered as usual. The volunteers with supplies of arms and ammunition will be withdrawn from Aliiolani Hall, which until definite intelligence arrives from the United States will be guarded by a detachment from the Boston. The event of this morning is hailed with joy throughout the community. It will bring about peace and prosperity and will please all except those who do not want Hawaii to enjoy these or any other blessings. It is not the act of aggression, but of friendliness, done at the instance of the Hawaiian Government. May this friendliness result in union which shall endure forever."

OATH OF ALLEGIANCE.

The Provisional Government at Honolulu has been busy since its inception. The Executive and Advisory Councils formed the Legislature and held daily sessions to pass such acts as were deemed immediately needful. One of the earliest acts was the repeal of the lottery franchise act. Another provided the following oath for all residents desiring to affirm allegiance to the Provisional Government:

"I solemnly swear in the presence of Almighty God that I will support the provisional government of the Hawaiian Islands, promulgated and proclaimed the 17th day of January, 1893, and hereby do renounce and renounce all allegiance to any foreign country now owing by me."

All the judges and a number of other officials were empowered to administer this oath, and it was taken by hundreds the first day it was available. Another act prohibits the importation of firearms or explosives of any character except by the Government. Other than the flag raising on the first Honolulu seems to have been without any sensational occurrence since the provisional Government was established. Some attempt was made to secure a suspension of martial law, but the Council only complied to the extent of lengthening the dark hours, during which it was not permissible to be abroad without a pass.

Queen Liliuokalani has spent most of her time out of the city, but is charged by one paper with returning at intervals to consult Kubunas in houses of some of her royal adherents.

BRITISH RECOGNITION.

An Effort to Make Gen. Turner an Independent Candidate.

THE MOVEMENT WITHOUT THE SUPPORT OF THAT PARTY.

Recorder Carlisle Gives Dr. Kerley a Warning—Charles M. Maffit's Passive Attitude in the Campaign—Bannerman Headquarters Opened—Bernheimer's Mass Meeting.

Jacob S. Williams, a well-known resident of the Twenty-eighth Ward, was at the Recorder's office to-day, finding out how a petition with independent nominations should be filed. He got his information and went away to confer with other independent voters. Mr. Williams said in the office:

"The proposition is to put in the field a complete citizens' ticket, filling the offices from top to bottom, and we are getting all the information we need as to the way to proceed in order that we may be able to act deliberately and judiciously on the proposed plan."

"Do the Independents intend to nominate Gen. Turner for Mayor?"

"He is my personal choice."

There are friends of Gen. Turner who are incensed by what they call Mr. Williams' officiousness in the campaign. They do not believe that his connection with the Independent movement helps it, and they are not slow in saying so. Their main objection to Mr. Williams is that he is known generally as the man Husher and editor of a paper advocating the principles of the American Protective Association. Mr. Williams was asked about this paper to-day, and

Thirty witnesses had been subpoenaed to testify in the O'Neill-Joy election contest to-day, and when the investigating party assembled in Mr. Dodge's office quite a number of O'Neill voters were present. The contestants were now engaged in knocking out balloons as a method of settling the disputed suffrages who tried to vote and couldn't. This morning F. F. Godfrey of 1807 Biddle street testified that he moved his residence to the 18th Ward from the 14th, transferred on the registration books to the 74th Precinct of the Fourteenth Ward. He received notice that his name had been attached to the list of contestants to the office of the Recorder of Voters and had it, he thought, reinstated. But he was not able to vote. Some witnesses testified showing that their efforts to vote for O'Neill were fruitless notwithstanding the fact that they were qualified voters. The hearing of testimony is in progress again this afternoon.

"In five years I tried six different doctors—all good ones—and they failed. I was a sick man and getting worse every week. From a slight trouble in my head and throat, caused from severe colds, I thought the disease had spread until it involved my lungs, throat, and stomach. My system was weak. Even my sense of smell and hearing were gone when I went to Drs. Copeland and Thompson." Mr. N. F. A VERY BROAD FIELD.
What the Perfection of the Mail System Made Possible.

The mail treatment of Drs. Copeland and Thompson is appreciated by thousands of people who have wasted large sums of money on patent medicines, which, even granting that they have merit, are certainly without value in application to the practitioner or individual. It is appreciated by thousands of physicians and dentists, who it is impossible to command the services of skillful physicians or specialists. When this treatment is less expensive than patent medicines, less expensive than drug bills and doctors' fees, it is no wonder that it is appreciated. When a careful and accurate diagnosis, watchful attention to the details and progress of every case, medicines specially prepared by registered and trained pharmacists, each individual and successful specialists are possible to everyone, no matter where they live, at a low rate per month, it is no wonder that the public mail system is appreciated. The Copeland mail practice to-day extends to almost every city and village in the United States. The mail treatment is under the personal direction of Dr. Copeland or Dr. Thompson, enable them to hold complete consultations with each other, and to receive reports from each by which the patient reports progress and condition once or twice a week, enable the physician to keep in touch with the patient, and only be by the patient's carelessness or negligence that the treatment is discontinued.

Mrs. GEORGE DAUER of Murphysboro, Ill., writes us that she has suffered for years, tried various doctors, and has been unable to find one to treat our mail treatment, and she adds: "I feel like a different person, and recommend Drs. Copeland and Thompson heartily."

A BIG SCHEME.

Railway Employees to Be Gathered in One Organization.

STRIKES TO BE AVOIDED BY A PERFECT COMBINATION.

Unrest Among Chicago Switchmen
—Another Attempt to Make an Iron-clad Western Passenger Association
—The Santa Fe Gets Its Grasp on Another Link for Its Great Chain.

CHICAGO, Feb. 9.—Regarding the restlessness of Chicago non-union switchmen there is considerable talk. There is a general feeling among them that they should have more wages. They will meet again to discuss the question next Sunday. But there will be nothing done until Feb. 15, when the Union Grievance Committee will confer with the various railway officials. At that time this dissatisfaction of the non-union employees will cut a figure as an incident in those conferences.

The new Association of Railroad Employees, which was practically organized here yesterday, is composed of all classes of railway employees, including engineers, firemen, brakemen, switchmen, conductors, trackmen, carmen, painters, machinists, blacksmiths, telegraphers, clerks, train dispatchers, etc. It is formed, so the organizers say, for mutual protection, the advancement of wages, shortening of hours and the securing of better conditions by working railway employees. There will be no beneficiary features and the dues will be nominal. Most of the proceedings of the body will be public.

The following will be the plan of organization: A board of directors will be elected, consisting of one member from every branch of employees represented. This board will elect an executive committee of three or five, which will be the active business body of the order. The plan of organization is being made such that delegated representatives of one branch will be a countercheck on the action of delegates of every other branch.

REPORTS OF STRIKE INSPIRED.

TERRE HAUTE, Ind., Feb. 9.—Grand Master Sargent of the Brotherhood of Locomotive Firemen has given it out as authority that there will be no strike on the opening of the new year. The Little Rock & Memphis, the Atchison, Topeka & Santa Fe Railroad Co. has a surprise in store for its rivals, the Missouri Pacific and the Illinois Central. Negotiations have been quietly pending for some time for the purchase of the Little Rock & Memphis by the Atchison, and it is now decided that the deal has about been completed and the transfer will shortly be made.

The Little Rock & Santa Fe offered to purchase the Little Rock & Memphis for \$1,000,000.

The Atchison, Topeka & Santa Fe, which for ten days past have been sent out, first from one city and then another, all bearing the same date, will be allowed, and any competitor found clubbing will be at once disqualified. Such an attempt cannot be kept secret, and every case will be thoroughly investigated before the final award is made. No exceptions to this rule will be made in favor of anyone. The public can be assured that the Atchison, Topeka & Santa Fe will do more to prevent any such attempt and to promote fair play than anything else. Before handing your coupons to your favorite carrier ascertain his name and number and fill out the blank spaces on the ballot with the same in ink. In no case should coupons be handed to carriers in the blank form.

LIST OF CONTESTANTS.

POWERS LEADS.

Progress of the Letter Carriers' Contest.

MANY CHANGES IN THE POSITION OF THE COMPETITORS.

Two New Contestants Added to the List—Those in the Rear Coming Rapidly Forward—The Great Struggle for First Honors—Conditions and Correspondence.

Carrier McFadden, who has for a long time held the lead in the Post-Dispatch contest to name the most popular letter-carrier in St. Louis, has at last been deposed by Carrier Powers. From almost the start of the contest the struggle between these two rivals for first honors has been very close, and almost all the time they have been separated by a very narrow margin. The names of two new competitors have been added to the list, bringing the total number of contestants up to 30. Now that the contest is fairly in its last month, the race grows hotter than ever, and some of those who have so far held positions in the rear are rapidly coming to the front. Other changes in the relative standing of the competitors are noted below.

In sending in collections of coupons it is always advisable to pack them as neatly as possible in order to facilitate the count and prevent errors. Do not roll your coupons up in bundles, but preserve them as straight and flat as possible. Always state the total number of coupons sent, thus providing a check upon the count here. Wrap your coupons up securely.

As stated daily in the conditions, no pooling of votes will be allowed, and any competitor found clubbing will be at once disqualified. Such an attempt cannot be kept secret, and every case will be thoroughly investigated before the final award is made. No exceptions to this rule will be made in favor of anyone. The public can be assured that the Atchison, Topeka & Santa Fe will do more to prevent any such attempt and to promote fair play than anything else. Before handing your coupons to your favorite carrier ascertain his name and number and fill out the blank spaces on the ballot with the same in ink. In no case should coupons be handed to carriers in the blank form.

REPORTS OF STRIKE INSPIRED.

TERRE HAUTE, Ind., Feb. 9.—Grand Master Sargent of the Brotherhood of Locomotive Firemen has given it out as authority that there will be no strike on the opening of the new year. The Little Rock & Memphis, the Atchison, Topeka & Santa Fe Railroad Co. has a surprise in store for its rivals, the Missouri Pacific and the Illinois Central. Negotiations have been quietly pending for some time for the purchase of the Little Rock & Memphis by the Atchison, and it is now decided that the deal has about been completed and the transfer will shortly be made.

The Atchison, Topeka & Santa Fe offered to purchase the Little Rock & Memphis for \$1,000,000.

The Atchison, Topeka & Santa Fe, which for ten days past have been sent out, first from one city and then another, all bearing the same date, will be allowed, and any competitor found clubbing will be at once disqualified. Such an attempt cannot be kept secret, and every case will be thoroughly investigated before the final award is made. No exceptions to this rule will be made in favor of anyone. The public can be assured that the Atchison, Topeka & Santa Fe will do more to prevent any such attempt and to promote fair play than anything else. Before handing your coupons to your favorite carrier ascertain his name and number and fill out the blank spaces on the ballot with the same in ink. In no case should coupons be handed to carriers in the blank form.

Weather forecast for thirty-six hours, beginning at 8 a. m. to-day, for Missouri: Increasing weather and snow or rain; warmer Friday morning, colder Saturday morning; southern shifting to westerly winds.

A severe storm is now central in Kansas, moving eastward. This has already caused rain and cold enough, snow in the Missouri Valley and in the Mississippi Valley from Arkansas north. The temperature has risen throughout the entire United States; it changes the upper Mississippi Valley exceeding 30 degrees in 24 hours.

Forecast for St. Louis: Rain, colder Friday.

JOHN QUINCY ADAMS has not only a grandfather's hat, but a great-grandfather hat, and his own is of full Cabinet size.

IT is positively stated that Judge Gresham has been offered the Secretaryship of State and has accepted. Most liars are positive in their statements.

MR. REED and the other statesmen who talk about the "silver snake" should call for an investigation of the ingredients of Washington whisky.

MASSACHUSETTS traits her reputation for intellectuality by taking the right side of the Hawaiian question. Her Legislature decides against annexation.

GROVER CLEVELAND and A. E. Stevenson are now President-elect and Vice-President-elect, respectively. Till yesterday they had not attained to that high honor.

SOUTH CAROLINA having been re-annexed to the United States in 1865, the trouble down there between the Sheriffs and the United States Marshals need not alarm the country.

THE TWO-STICKS war, the Hawaiian revolution and the conflict of authority in South Carolina ought not to have been all precipitated upon our statesmen at once, but perhaps they will pull through.

KING TERUBURIRIEMO should wait until we get through with our Hawaiian business before he asks us to annex his island of Butaritari. Uncle Sam's jaws are nearly wrenched out of place already.

THE American protectorate having been declared in Hawaii, John Bull will now be afraid to run off with Claus Spreckles' sugar, and other nations of the earth will not dare to molest him. Mr. Spreckles is looking hopefully forward to that bounty.

THERE has been an advance of 75 per cent in the price of ordinary brick in Chicago, and a good deal of building is to be postponed. There is frequently the drawback to hogging, that it greatly diminishes the demand for the article for which an exorbitant price is fixed.

TAKING a hint from the bonfire at Paris, Tex., the Chinese of El Paso, Tex., have burned to death an old man they had wearied of supporting. It is to be hoped that John may remain a Chinaman if his attempts at becoming a "Mexican" man are to have no better results than this.

LATE advices from Hawaii confirm the reports that Minister Stevens is the active force in the revolution. Honolulu is in the hands of American marines from the cruiser Boston, and Stevens sustains the foreigners against the Kanakas. Stevens is playing the part in Hawaii which Pat Egan tried to play in Chile.

A MILITARY RETIRING BOARD is about to consider the advisability of retiring Capt. A. M. Taylor on the ground of mental unsoundness because he married his servant girl. As a matter of fact does not the conduct of Capt. Taylor indicate a grasp of the domestic situation which requires exceptional mental acumen?

THE Argentine "revolution" is unique in the history of disturbances of that kind in Spanish America. It has its origin in the determination of an outraged people to

resist an unjust tax. This marks progress. Henceforth revolutions have been merely partisan quarrels between, tawdry bosses, each bent on pushing his own fortune.

This bill providing for the importation free of certain electrical machinery for the St. Louis & Chicago Electric Railway will probably become a law. There can be no objection to this except that of favoritism. The company is entitled to buy where it can get supplies the cheapest, but so is every other user of electrical machines.

COL. DICK THOMPSON is too ill to go to Washington to testify before the Panama Committee, but he is well enough to say that, he had nothing whatever to do with the company's affairs in America except to draw his check for his salary and order a few supplies from Terre Haute. Apparently he was paid \$25,000 a year for knowing nothing.

RUSSIAN EXTRADITION.

The extraordinary action of the Senate in confirming a treaty with Russia which enables the Czar to extradite political offenders is the most amazing exhibition of folly—or worse—of which that body has ever been guilty.

Ever since our Government was instituted we have boasted of our hospitality to the oppressed of all nations and have freely offered them an asylum when pursued by the tyranny of despots. But this asylum is, it seems, to be closed to fugitives from the worst of all despots. The savage Czar may pursue the opponents of his barbarous policy even within the jurisdiction of the United States and recover them by the ordinary processes of extradition.

This is a reversal of the settled policy of the Government adopted at the outset of Washington's administration and consistently followed ever since. It is more than this. It is a retrograde step in civilization which England herself has often refused to take.

A political offender against the Russian Government deserves the highest honor and the fullest protection from us, for he is an enemy of everything which we have been taught to abhor. Instead of returning these men to St. Petersburg on trumped-up charges, every demand for extradition coming from that quarter should be carefully scrutinized and should be positively refused if there is the smallest doubt concerning the real purposes of the Russian Government. This is the will of the American people who have of late years been aroused to a full realization of the horrors which free-minded men and women are compelled to undergo in that country.

As the treaty was passed upon in secret session it is not known how far this compliance with savage tyranny was carried, and it is certain that it embodies the most objectionable features in this respect. The action of the Senate is the most significant symptom ever manifested of the unpopular character of the Senate and of the undemocratic sentiment prevailing in that mob of rich men. Senator Turpie is trying to put his brother Senators on record on the subject in open session and is thus trying to force a "show of hands." He should be supported by every citizen in the land. The people want to know what Senators are willing to become tools of the worst despotism on earth.

THE HAWAIIAN SITUATION.

The news from Hawaii received to-day by the steamer Australia is an interesting nature. It shows that events there have developed most rapidly in the direction of the will of the revolutionary clique. Minister Stevens has, by public manifesto and with display of armed force, assumed a practical American protectorate over the soil of Hawaii and life and property therein, pending the completion of the negotiations of the provisional Government with the Government at Washington for annexation.

Information with regard to the situation at Honolulu is too meager as yet to judge how far Minister Stevens was justified in taking this extraordinary step. The facts, however, indicate that it was unjustifiable and that the whole conduct of the American Minister has been governed by the influence of the clique of monopolists who conceived and executed the revolutionary movement. There is good ground for the suspicion that this whole movement is the result of a carefully planned plot to annex Hawaii by a coup de main for which the train was laid in Washington and Honolulu, and in the execution of which the American Minister was to figure as the pivot.

It remains to be seen if the American people can be driven into this conspiracy for the promotion of monopoly interests. Under the circumstances the annexation question may involve more than a departmental policy and the assumption of a policy of bullying aggression and imperial acquisition. The rights of a people to the soil of their country and to self-government may be involved.

It, as the facts indicate, the Hawaiian revolution is the work of a few alien representatives of commercial and monopolistic interests without regard to the will and rights of the Hawaiians annexation by the United States would be an unjustifiable act repugnant to every sentiment of a free, liberty-loving and justice-loving people. It would be an unholy precedent. It would be an admission that the plutocratic interests of a few individuals are paramount to the personal and

political rights of the people. It would be a denial of the principle of the consent of the governed to the disposal of their citizenship and the form of their government which is the foundation of free self-government and which is recognized in form if not in fact even by monarchies. It would be a gross outrage upon a friendly and peaceable people.

The American people cannot afford to commit, or risk the commission of, such a blunder as affords benefits more fancied than real, more speculative than actual. The conduct of this Government should be determined after thorough investigation and calm deliberation in the light of reason and right. It is probable that this mode of considering the question would result in the conviction that annexation would bring disadvantages far outweighing its advantages and that its promoters are more deserving of rebuke than encouragement.

THE DETERMINED EFFORTS MADE IN CONGRESS TO REFORM THE PENSION LIST.

The extraordinary action of the Senate in confirming a treaty with Russia which enables the Czar to extradite political offenders is the most amazing exhibition of folly—or worse—of which that body has ever been guilty.

Ever since our Government was instituted we have boasted of our hospitality to the oppressed of all nations and have freely offered them an asylum when pursued by the tyranny of despots. But this asylum is, it seems, to be closed to fugitives from the worst of all despots. The savage Czar may pursue the opponents of his barbarous policy even within the jurisdiction of the United States and recover them by the ordinary processes of extradition.

This is a reversal of the settled policy of the Government adopted at the outset of Washington's administration and consistently followed ever since. It is more than this. It is a retrograde step in civilization which England herself has often refused to take.

A political offender against the Russian Government deserves the highest honor and the fullest protection from us, for he is an enemy of everything which we have been taught to abhor. Instead of returning these men to St. Petersburg on trumped-up charges, every demand for extradition coming from that quarter should be carefully scrutinized and should be positively refused if there is the smallest doubt concerning the real purposes of the Russian Government. This is the will of the American people who have of late years been aroused to a full realization of the horrors which free-minded men and women are compelled to undergo in that country.

As the treaty was passed upon in secret session it is not known how far this compliance with savage tyranny was carried, and it is certain that it embodies the most objectionable features in this respect.

The action of the Senate is the most significant symptom ever manifested of the unpopular character of the Senate and of the undemocratic sentiment prevailing in that mob of rich men. Senator Turpie is trying to put his brother Senators on record on the subject in open session and is thus trying to force a "show of hands." He should be supported by every citizen in the land. The people want to know what Senators are willing to become tools of the worst despotism on earth.

ONE OF THE HAWAIIAN COMMISSIONERS ASKS A REASON WHY THE NATIVES SHOULD NOT BE ALLOWED TO PARTICIPATE IN THE GOVERNMENT.

THE HAWAIIAN SITUATION.

The news from Hawaii received to-day by the steamer Australia is an interesting nature. It shows that events there have developed most rapidly in the direction of the will of the revolutionary clique. Minister Stevens has, by public manifesto and with display of armed force, assumed a practical American protectorate over the soil of Hawaii and life and property therein, pending the completion of the negotiations of the provisional Government with the Government at Washington for annexation.

Information with regard to the situation at Honolulu is too meager as yet to judge how far Minister Stevens was justified in taking this extraordinary step. The facts, however, indicate that it was unjustifiable and that the whole conduct of the American Minister has been governed by the influence of the clique of monopolists who conceived and executed the revolutionary movement. There is good ground for the suspicion that this whole movement is the result of a carefully planned plot to annex Hawaii by a coup de main for which the train was laid in Washington and Honolulu, and in the execution of which the American Minister was to figure as the pivot.

Mrs. Gertie Lyons,

PREMIER GRESHAM.

The Ex-Republican Will Be Cleveland's Secretary of State.

HE ACCEPTED AFTER THE PROPER AMOUNT OF ADROIT URGING.

Don M. Dickinson, the Messenger and Diplomat. Says It Is a Good Selection, but Will Not Confirm It Positively—Gresham, as Usual, Talks Like an Orator—The Story Believed.

NEW YORK, Feb. 9.—United States Circuit Judge Walter Quinton Gresham of Chicago is to be Secretary of State in the Cleveland Administration. Mr. Cleveland's position from the first has been that in the selection of a Secretary of State he did not propose to stand strictly by party limits. He has all along said that he "wanted the best man that could be found in the country. He wanted a man strong and learned, of perfect personal and public integrity, and one who held to an unusual degree the confidence of the people. The deal was more closely filled by Judge Gresham than by any other man Mr. Cleveland could think of."

While Mr. Cleveland was in this frame of mind Judge Gresham happened to come to the city. It is not known whether he came by invitation of Mr. Cleveland or not, but it is known that he was called upon by Mr. Whitney at his hotel, and that Mr. Whitney informed Judge Gresham that his name had been under consideration for Secretary of State. Judge Gresham was surprised at this, and said to Mr. Whitney that he could not think it possible he was in earnest. But Mr. Whitney urged the Judge to call on Mr. Cleveland, and within an hour or so an invitation from Cleveland to the Judge to call at his house was presented by a messenger. Judge Gresham did call on Mr. Cleveland, and a man who knows something of what took place at that interview said to-day that the call was of two hours' duration, but that he did not believe the matter of the Cabinet was directly mentioned at that time. The two men had never met before they spent two hours discussing the general political situation, and the favorable impression which Mr. Cleveland had formed of his visitor was confirmed by this interview.

Shortly after, Mr. Dickinson made a trip to Chicago and carried Mr. Cleveland's offer. Judge Gresham was not surprised at it, for as already said, he had intimations that Mr. Cleveland might tender him the post. But he had thought the matter over and had concluded to decline. He did decline in most positive terms. It is reported here that his words were: "Mr. Cleveland cannot afford to offer me this place, and I cannot afford to take it."

Mr. Cleveland then asked Senator Gray of Delaware to take the Secretaryship of State, but Senator Gray, who had just been re-elected by his Legislature, declined. Mr. Cleveland then turned again to Judge Gresham, and the astute and secretive Don Dickinson, was once more sent on a secret mission to Chicago. Finally Judge Gresham was persuaded to accept. He did so only when Mr. Cleveland's great need and the country's great need of his services was pointed out to him. The argument which will most offend Judge Gresham is that the new administration would be brought fast to face with some of the most important questions of the age, questions of a delicate and possibly dangerous nature, involving the peace and welfare of the country, and that the new President has no other official to whom he might think most available for the duty of the hour. With much reluctance Judge Gresham gave his consent, and Mr. Dickinson carried this news back to this city, greatly to his own and Mr. Cleveland's delight.

WORKS OF ART.

Have you seen the "Alton's new Pullman Compartment Sleepers" just put in service between St. Louis and Chicago? They are "beauties." The finest works of art ever turned out from the Pullman shops. Ticket offices 216 North Broadway and Union Depot.

He Doesn't Know the Earth.

SAN FRANCISCO, Cal., Feb. 9.—The most distinct social event that has occurred here for some time was the production last night by amateurs of the opera, "His Majesty," at the Grand Opera-house. The libretto of the opera is by Peter Rosenberg, and the music by J. S. Stroh, both of this city, and it was written and composed for the benefit of a local charity of the San Francisco Policeline. The work was a success, and was produced last night. The most fashionable people of the city attended the entertainment and there was not sufficient seating capacity in the hall. The audience was composed of the present, who showed their appreciation of the performance by repeated applause.

Hotel Arrivals.

Among the prominent arrivals in St. Louis at the hotel this morning are Wm. Thompson and his brother, Dick, son of Hon. Wm. T. Thompson, of Clinton, N. J., en route to their ranch in Texas. Congressman W. S. Forman of the Eighteenth Illinois District; H. W. Fowler, City Engineer of Cambridge, N. J., at the Laclede; Hon. F. W. H. Miller, a prominent lawyer; Hon. H. H. Cattie of Columbia, Mo.; M. McDonald, the millionaire merchant of Palmyra, Mo., at the Hotel; Col. R. M. Anderson, of Columbus, brother of the late Anderson, President of the Merchants' Exchange at the Southern; and H. G. Spurgeon of Joplin, Mo., and their three to proceed to Europe.

THE AGENTS OF THE WIRE COMPANIES GETTING IN THEIR WORK.

Senator Stone May Find It Necessary to Insist on the Floor of the Senate That the Bill Be Taken Out of the Committee's Hands and the Roll Called on It—What the Game of the Bill's Opponents Is—City Officials Express Themselves on the Gernes Bill.

JEFFERSON CITY, Mo., Feb. 8.—Senator Lyman's committee on cities, towns and villages is determined to play into the hands of the corporations and throttle the Stone underground wire bill. The conduct of the committee yesterday evening left no further room for doubt on this score, and to-day it is a matter of common talk that the scheme of two years ago is to be repeated. Then the committee, having the wire bill withheld its report until the action of the Senate forced the measure out of its hands, the excuse then was that Col. Gernes of the Western Union waited time to be heard. Yesterday the committee met and a crowd gathered to hear the arguments. Senator Stone was present with his argument and the electrical corporations of St. Louis were represented by W. H. Thompson and President Samuel M. Dodd of the Illinois Electric Light and Power Co.; Eleazar Smith for the Western Union and Postal companies, and Grand Manager George F. Durant of the Bell Telephone Co. The only members present were Chairman Lyman and Senators Hendrickson and Tunnell. Senator Colley was away on account of illness in his family, and Senator Bradley sent word that he was too unwell to attend. He also made the request that no action be taken on the bill until he was able to be present. There was a quorum, however, on hand and Senator Stone insisted on having a thorough hearing at once. "The session is half over," he said, "and this bill has been delayed long enough. I cannot consent to any further delay." Stone wanted to hear the objections of the opposition, but he was denied the opportunity. While he was talking to Attorney Thompson the three committee talked in a sotto voice and then got up, put on their overcoats and started out of the committee-room to the Senate Chamber. "What's the matter?" asked Senator Stone.

LYMAN'S HIGH-HANDED CONDUCT. "Guess we will not do anything to-night," replied Senator Lyman. "We will take up the bill next Tuesday. Thus saying he darted out of the door and made a bee-line for the committee-room on the other end of the Capitol, where the House Committee on Official Fees and Salaries was wrestling with the bill aimed to abolish forthwith the salary grab system in Jackson County. Ever since the bills aimed to limit the power of the county commissioners introduced by the Jackson County tee were introduced in the Jackson County tee in all his time, fighting them. He says he is willing to abolish the fee system, but does not want it to go into effect until the present officers have had their share of the official spoils. He has attended all the meetings of the House committee and has led the fight for the fee-grab crowd throughout. He was not in the committee room on the night last night after he had dismissed the committee having the underground wire bill in charge, when he was up with a carefully prepared argument to head off the reform legislation introduced by Kansas City and Jackson County. This explained his mad haste in getting away from the Senate committee meeting. The Illinois and Bradley, and the opportunity he sought. The underground wire bill was a mere bagatelle in his estimation, when the fees of the Jackson County public were at stake.

Senator Stone was indignant and had reason to feel incensed. The opponents of the bill who came up from St. Louis reviled and reviled him, and the more he reviled, and the more the better. The dilatory tactics of Chairman Lyman and his colleagues on the committee were to a dot, and the whole course continuing until it is too late to do anything for the bill.

Senator Stone said after the meeting came to such a standstill that he did not know what step to take next. He said he disliked very much to create an uproar in the Senate by moving the bill, but the committee of Chairman Lyman and his fellow-obstructionists. He may, however, follow that course, as it seems to be about the only way to get the bill before the Senate. He is not so sure, so that a vote may be taken and every Senator put on record for against its passage. There are Senators who, however, would vote for it in the Senate, and the more the better. The dilatory tactics of Chairman Lyman and his colleagues on the committee were to a dot, and the whole course continuing until it is too late to do anything for the bill.

DRUGGED THE WATCHDOG. MASCOUTAH, Ill., Feb. 9.—A bold robbery was committed at the residence of Philip Mann, a prominent Clinton County citizen residing near New Memphis, last night. The family and watchdog were drugged, and when lighted lamps were drawn across the house, the farmer was conscious and heard the robbers at work, but was powerless to move hand or foot. The whole family are very sick now, and the wife, who was the only one of \$200 in money was secured. A half dozen robbers under similar circumstances have taken place near New Memphis within a short time.

SLASHED HIS THROAT. CINCINNATI, Feb. 9.—A cutting, growing, it is said, out of the recent Louisville & Nashville embezzlement cases, occurred in Covington, Ky., to-night. John McCourt, ex-agent of the Louisville & Nashville, his brother-in-law, Arthur Marx, and William McHugh, to-night met William McNamara, ex-agent of the Louisville & Nashville, in Nashville, who gave testimony against McCourt. McCourt pushed McNamara into the gutter. Marx drew a razor and slashed McCourt across the face. The two men fought, though not fatal wound. Marx escaped. McHugh and McCourt were locked up.

A THIEF WITH IDEAS. LANCASTER, Ky., Feb. 9.—Samuel McKee was arrested last night for right steeling. Two days ago McClellan took a horse and saddle from Danville to this town, and sold it to Chief of Police Hamilton for \$10, on which money he married a Miss Thompson. The owner of the horse appeared and recovered his property and McKee was arrested.

DISPOSED OF THEIR COUNTRYMAN. ER-PAC, Feb. 9.—An old Chinaman, supposed to have been afflicted with leprosy, was cremated last night in a small shanty in Chinese quarters on Second street. The impression prevails that the house was fired by the countrymen of the victim.

ESTATE ST. LOUIS AND BELLEVILLE.

Reimbursing Members of the American Fraternal Circle.

The members of Mozart Council, No. 10, American Fraternal Circle, will receive Sunday a portion of the money they paid into the treasury of the now defunct organization, which has received \$100,000 in treasury and will distribute it proportionately to the members at a special meeting to be held Saturday night at Geary's Hall.

Belleville, where it has been kept since the morning of Jan. 5. It is Senate Bill No. 6 and was introduced the first day that the present session opened. The bill, however, and yet Senator Lyman does not believe there has been any unnecessary delay. In his judgment the Jackson County fee legislation is very necessary, and the loss of the wishes or demands of the people.

ST. LOUIS UNPREDICTABLE. In connection with the peculiar tactics of the committee, there is some criticism expressed at the action of Lieut.-Gov. O'Meara in leaving St. Louis entirely unrepresented on the committee. The members of the Senate, Arthur S. Lyman of Kansas City, James U. Bradley, Bates County; Richard P. Colley, Lawrence County; T. W. Tamm, Jasper County and Ulysses Hendrickson of St. Louis.

IT WAS A NOVELTY.

Mrs. Erastus Wells' Bal Masque and German Last Night.

LARGE PROGRESSIVE EUCRE PARTY GIVEN BY MRS. ADOLPHUS BUSCH.

Reception Mrs. John C. Roberts Gave in Compliment to Mrs. E. E. Meacham of Memphis—Entertainment Given by Mrs. George E. McGraw—Doings in the Social World.

The reception given by Mrs. John C. Roberts of Westminster place on Tuesday in compliment to Mrs. E. E. Meacham of Memphis, Tenn., was a very delightful affair. Her pretty home was decorated with flowers and palms, the mantelpiece in the parlor banked with tulips and ferns, while in the dining-room, sweet-sounding violins, springing from a bed of ferns decorated the mantel-piece, while the refreshment-tables were crowded with a circular vase of ferns from which sprang dozens of Easter lilies. In an alcove in the hall stood the punch bowl, presided over by two charming young ladies, Miss Barnard and Julia Stone. Misses Lelia Allen and Bebbie Stone assisted in the entertainment of the guests. Mrs. Roberts wore a very handsome gown of shades of roses silk, combined with brocade. Mrs. Meacham wore cream silk, veiled with cream satin striped gauze, trimmed with bows and dots of cream satin ribbons. Miss Bessie Stone wore a picture gown of plain silk, combined with pink and gold brocade. Miss Lelia Allen wore poppy red chintz silk. Miss Barnard wore white silk chintz, with garniture of blue. Miss Julia Stone wore white silk, combined with white striped gauze. During the appointed hours the parlors were thronged with guests. The reception was followed by a dance for the young people in the evening.

The large reception given by Mrs. George S. McGraw on Wednesday evening was a beautiful function. Her artistic new home on Washington avenue presented a beautiful interior, with its groups of palms, portieres and garlands of smilax and vases of sweet-scented flowers. In the alcove an orchestra was stationed, the delightful strains of music forming a pleasing accompaniment to the hum of conversation. A generous punch bowl stationed in a cosy nook beside the fire, in the large reception hall, was presided over by the pretty young daughter of the house, Miss Myrtle McGraw, and Miss Sallie Jordan, a petite, pretty young debutante of this season. Mrs. E. E. and her daughter, Miss Daisy E. E., assisted in dispensing the hospitality of the house. The hostess was assisted in the reception of her guests by Mrs. J. F. Miller and Mrs. Archer Anderson. Mrs. McGraw was picturesquely gowned in white ribbed silk, the low corsage finished with a deep fall of fine duck lace. Her wealth of Titan hair was worn in high puffs on the top of her head, gold slippers matched the golden-hued silk petticoat which lined the train. Mrs. Miller wore a pretty gown of white organdy, besprinkled with wild roses, the garniture of green silk matching the leaves. Mrs. Anderson wore white faille, the train finished with a band of feather trimming and velvet in golden brown, matching large puffed velvet sleeves; Miss Daisy E. E. wore white bengaline with large puffed sleeves of pale green. Miss Myrtle McGraw wore blue crepe, with a deep fall of white lace about the shoulders; Miss Jordan wore a picture gown of pale pink silk; Mrs. E. E. wore black silk, covered with black and gold embroidered gauze. The refreshments were served in the music-room from a pretty table, ornamented with ferns and carnations. There was a large company of guests from 3 to 6 o'clock.

The progressive euchre party given by Mrs. Adolphus Busch on Tuesday afternoon at the Southern Hotel was one of the handsomest affairs of the season. There were 150 guests invited to meet her daughter, Mrs. Arthur Magnus of Chicago. The rooms were decorated with palms and pink roses, and the thirty-five tables were overlaid with pink silk scarfs. Uniquely talkative in the same rooms, the refreshments were served to the guests. There was a dozen prizes of handsome jewelry, being the most costly ever given at a euchre party in St. Louis.

Settled Out of Court.

The case against J. M. Vandervoort of Bolinger County, Mo., charged with fraud growing out of a real estate deal was dismissed in the Court of Criminal Correction to-day, the case having been settled. Vandervoort, a lawyer, had agreed to sell his land in Bolinger County with Chester Moffatt for some stock. It turned out that Vandervoort had no title to the land and Moffatt had his attorney file a bill of complaint in the Prosecuting Attorney's office to-day and stated that he did not wish to prosecute the case, as Vandervoort had now straightened out the matter. The land had been given to young Vandervoort by his father, it seems, but the old gentleman thought he had a right to dispose of it. Moffatt said he did not think that the young man intended to defraud him, and that he was satisfied with the explanation of business methods. Vandervoort's father, Moffatt said, had deeded the property to him and made good to him anything that he was out by the transaction.

The Electropoise.

ST. LOUIS, Jan. 21, 1893.—Mr. A. R. Plank, Manager: DEAR SIR—I have been using the Electropoise for nearly a year and I value it very highly. I have used it mainly for colds and bronchitis, with the most gratifying results. For several years I have not been able to stay in the city during the whole winter on account of bronchial affections, but this winter I have been comparatively free from colds and bronchitis. For producing sleep and as a tonic I know of nothing that equals it. Yours, B. S. BARNEs,
122 Laclede Building.

Thomas Concerts.

The management of the St. Louis Exposition has engaged the services of the Chicago Concert company, for two concerts only, under the leadership of the renowned musician and conductor, Mr. Theodore Thomas. The concerts will be given on the 15th and 16th of April, and on the 17th and 18th of April, and Friday, April 7, 1893. The management depends upon the music-loving people of the city of St. Louis to give the support which the concert will receive. The will be held at \$1 a piece for the parquette and dress circle, and boxes containing six seats at \$7.50.

Jim Murphy Talks About His Horse's
Record-Turf and Stable Gossip—
Griffin Wants to Meet Dixon—Flim
mer and McBride—A Bicycle For
Women—General Sporting Notes.

Col. Robert Holloway, the Lexington (Ky.) plunger, and his trainer and partner, Jim Murphy, will, if their expectations are not disappointed, have at the head of their stable the coming season that game Longfellow colt Wadsworth. In the early part of last season this colt was the most serviceable animal in the West, not even excepting the sensational Yo Tambien. Jim Murphy considers Wadsworth better than Yo Tambien, although he is not cordially agreed with in this respect in this section of the country. Murphy says: "Wadsworth won the first five starts he made in 1892, every one of them being stake engagements. His sixth start was the Garland Derby, and neither Mr. Holloway nor myself have ever forgiven ourselves for sending him to the post for that event. The track at Garfield that day was the worst ever laid out. It was fetid deep in sticky mud. Wadsworth, always slow to get under motion, was the last of the field to leave the post. He was fully twenty lengths behind the leader. Anything but a thoroughly game animal would have sulked in such going. Wadsworth never faltered. He fought valiantly for victory, and pluckily closed up the big gap. The handicap he was under was too much, and he lost the race by a head."

The same horse, notwithstanding a great feat that day as in the long run, has the spunk of the feet of every other five-year-old in the race and undoubtedly picked up an extra weight of many pounds in the mud that stuck to his sides and his jockey. The race may have hurt him and probably did. However, the next time the two colts raced it was in the great Western handicap at Washington Park and in this race Wadsworth, carrying only 100 pounds, finished fourth to Yo Tambien, who with 105 pounds in the saddle, beat a cracking good field of all-aged horses in the fast time of 2:33½, she making all her own running and being never once headed during the entire race. After this race Wadsworth was laid on the shelf. Messrs. Holloway and Murphy had a second string to their bow, however, with the game gelding Faraday, and when the colt won the sum of \$1,000 in the early spring, and in him they were sure that they had a colt that could lower the colors of the flying daughters of Joe Hooker and old Marion, the pair met at Washington Park in a dash of one mile and a quarter, and in this race Wadsworth, carrying only 100 pounds, finished fourth to Yo Tambien, who with 105 pounds in the saddle, beat a cracking good field of all-aged horses in the fast time of 2:33½, she making all her own running and being never once headed during the entire race.
